**SPLENDID GAME AT MERSEY ROAD. 3C v 3D
ENDS IN DRAW. EAVES EQUALISES 5 MINUTES FROM
TIME.** 3C 1 Barry Lee 3D 1 Eaves.

At last the games between 3C and 3D resumed after Mr Cooke arranged for bus passes to be allocated. Wednesday saw a really hard fought game that took on even more importance in light of competition for places in the 3rd year B team.

Mr Brown was ref and Mr Cooke was 'talent spotting'. Smith was the first player to show up with a good run that ended with a strong shot, well saved by Richardson. 3C made most of the early running and Johnson put Jones in with a good chance but a moments hesitation allowed Iwediobo to bring the ball out of danger. Mason made a timely interception and after ten minutes 3D began to attack Richardson's goal. 2 corners were won and a good header from Eaves went just wide. As play switched from end to end Shiels played well in defence and then Moss in goal made a fine save to keep the scoreline blank. In the early part of this game Eaves was playing very well indeed, an obvious candidate for the B team. A great effort from Tony Jones went just inches over the bar. Shelton got in the way of an Eaves 'rocket' and the pain in his leg was his reward for saving the team. Johnson played a fine ball through to Barry Lee who raced on and put 3C into a one goal lead. Lee followed this with another 'snake like' run his centre was headed over the bar by Johnson. 3D were eager to equalise as soon as possible and Maccreerey shot just wide of the post. O'mara came into the game with a fine pass but again it was Eaves pressing forward and putting pressure on Mason. McGregor forced his way down the left flank and minutes later Richardson was called on to make a good save from Pimblett. At half time the score was 3C 1 3D 0 but the game was far from over. 2nd half P2.

UNFORTUNATE FIASCO AT MERSEY ROAD. SATURDAY MATCHES ALL CALLED OFF.

Saturday was a morning best forgotten as bad weather and other circumstances best not mentioned here caused all the matches to be called off. The editor has his own views on the 'mess' but will keep them to himself. Nevertheless I should like to mention the players who did manage to 'get' to the ground: Sillitoe, Eaves, O'mara, Thompson, Johnson, Dove, Eyo, Jamieson, Flanagan, Bailey and most of the 1st XI. Chin and Ford and one other of the 1st B team.

MR. COOKE.

"OKAY I ADMIT THE PITCH IS SLIPPERY. I'll CANCEL THE 'F' TEAM GAME BUT NOT THE A,B,C,D,E."

In the very first minute of the second half 'Magic' cleared the ball off the toe of O'mara and 3D 'breathed' again. Moss made a very brave save to keep the ball out of his goal but Barry Lee should have scored when he completely missed his kick right in front of goal. This should have made the score 2-0 but the game was still 'wide open'. McGregor was a little slow at the other end so this lost opportunity cancelled out Lee's missed chance.

3D now turned on some great football: Magic again saved his side and the ball was worked out to Smith. Walsh chased hard and the ball almost ended up in the back of the net. Carmichael made a fine clearance for 3D and as the game moved towards its conclusion 3D were pressing very hard for the equaliser. Iwediebo had a long shot that Walsh followed up in case Richardson made a mistake. Yeoman headed the ball clear after he had made an error in defence. With 3D pressing hard Johnson broke clear and raced for goal: Moss made an excellent save to deny Johnson his goal. Immediately Johnson tried again. A good Tony Jones cross was headed inches wide by 3D's striker.

The last few minutes were all action stuff. Eaves came close then he was rewarded for a performance of energy and effort. Iwediebo shot from 20 yards and Richardson could not hold the fierce shot. As the ball bounced in front of him Eaves forced it over the line. In the last minute Lightbody headed the ball clear and an excellent game was over.

2nd XI 2 Staff Warriors 0.

After many months lay off the Staff Warriors returned to Mersey Road, the scene of so many epic games versus the Poly. When one considers that the warriors have not played for so long whilst the lads have been playing regular the result was not too disappointing. Also you must remember that the Warriors were giving the lads between 15 and 20 years in wear and tear. (in Colins case forty years)

The game kicked off with much screaming and shouting, and little football. Most of the 'yapping' was coming from the 2nd XI. Reminded me of a naval ship I sailed on once. The order of the day was

"When in danger or in doubt, run in circles - scream and shout"

In fact the Staff should have scored first. A real howler in the 2nd XI defence saw a hard return shot from Bill Robinson scorching goalwards. Somehow Andy Naughton scrambled back and cleared the ball from right beneath the crossbar. J.C. in goal was inspiring confidence in the Staff defence and Nigel Brown was a tower of strength in the middle of the back four.

For the 2nd XI Regan showed his usual skill but the rest of the players tended to hold on to the ball far too long and for all their possession they did not look like scoring. Just before half time a moment of slackness in the Staff defence allowed a 'heavyweight' Hassell to score.

In the second half Dickinson went on some long forward forages down the left flank to take the pressure of a rapidly fading McCormick. Several times in the first half Mac made 'dazzling' runs down the wing but by the time he reached the byeline he was completely shattered and had no energy left to centre the ball.

Dave Mason was pushed up into attack and for most of the 2nd half the ball was in midfield or the 2nd XI half. ten minutes from time another moment of slack play gave Regan his chance to score a good goal. A couple of minutes from the end Andy almost kicked the ball as the huge crowd of none were debating whether Colin was playing or was it just a life size model festering out on the wing.

Wal played a 'blinder', he may have done better if he had opened his eyes. Long hours later in the Blackburne (with huge audience) it was decided that three team members would take the can for defeat. This last bit is where I lose three mates and Wal informs me to take up ludo as he has dropped me.

FUZZLE PAGES.

Prize winners in number 86 included Martin Ariss of 3B who gave me the treasure trail word first. It was Pyramids. George Tyson was another winner and S. Clegg also was first in one of the puzzles. Cheung was close with some answers and Chesters again was successful with his answers. In the treasure trail a 1B 'team' were only minutes behind Ariss. In fact they had the letters before Ariss but could not rearrange them fast enough. I think the lads concerned were Swinnerton, Yarwood, Tyson and Warburton.

Right See how you do with this lot. Here is a hard one to start off.

Each of these 3 figures is partially filled in according to a system. Complete the figures by filling in the space marked with the

identification letters A, B or A, B, C according to the same system

This one takes some thinking out.

Institute quickly slumped to a scoreline of 0-3 in the first half and prospects for this game looked bleak indeed. Eyo scored just before half time to give Institute some hope. Gibiliru sent the ball into the middle and the goalkeeper fumbled the ball. Eyo cracked the rebound home from 6 yards. In the second half Institute again went 3 goals behind but this is where the long fight back started. Goals came from Eme and Russell and an own goal from Quarrybank allowed Inst. to equalise. Mr Cooke's special word game.

See how many points you can score. The boy in 1B who scores most points wins the prize. My key word for the example is CREATURE.

Right- First write the word from top to bottom vertically. Now

C O M E	2 points
R R	
E A R D R U M	4 points minus 1
A T	= 3
T E L E G R A M	5 points minus 1
U E	= 4
R R	
E X A C T	2 points minus 1
	= 1

Total 10 points

A MR. COOKE GEM
OF A GAME.

alongside it write the same word from bottom to top. Now you have to find letters that when placed between the letters shown make a word. You get 1 point for every letter you fit in. For example in my example I add OM to make COME. (2 letters added 2 points won) If you need to add any letters before or after the letters in the columns you subtract the number of letters from your points total. In my example

Eardrum is a word that wins me 4 points but I lose one point because the M is outside the columns. That leaves me with 3 points. When you have done all you can add up the points as I have shown you in my example.

Okay the word for this weeks WORD PUZZLE is ANIMALS.

Anyone else can have a go at this as well. A prize will be given to highest non 1B. total. Good hunting.

INSTITUTE 4 QUARRYBANK 1

The game kicked off in windy conditions with Quarrybank putting the Institute defence under plenty of pressure. After two successive Quarry corners had been cleared, the ball cannoned off an Institute defender to a Quarry forward who had no hesitation in blasting the ball past the helpless Rice. However, within a couple of minutes Mitchell found some space and was hacked down by a Quarry defender. The referee pointed to the spot and Mitchell had no trouble in sending the keeper the wrong way. Straight from the kick off, the ball was won by the now dominant midfield, and pushed forward to Mitchell who turned and hit a low shot past the Quarry keeper and was helped in by the ever-sharp hawler. The game continued with plenty of end to end stuff with Institute dominating most of the play.

H.T. 2-1

Institute now had the wind behind them, with some fine attacks being built up. When Quarry did happen to break away the Institute defence, with Harper + Holden as cool as ever, soaked up the pressure with ease. However, on one occasion when the defence were beaten Rice made a couple of fine saves, the best of which was a powerful header which he managed to tip around the post. Institute began to relax a bit and this resulted in more heavy pressure from the probing Quarry midfield men. Just as it seemed as though Quarry were taking command, hawler produced a few moments of magic to cross to Lintott who made no mistake with a right foot shot. A few minutes later Lintott was denied his brace after a good save from the Quarry keeper. Institute should have built up their lead but the final pass seemed to go astray. Mitchell struck his second and Institute fourth after a tremendous shot from Holden had hit the bar.

A MATCHDAY IN THE LIFE OF AN EVERTONIAN

It was five to three at Goodison Park, and several of the fans who had turned up had opened their prayer-books and bibles, one fan however produced a deck of cards, whereupon the senior fan said:
"Fan! PUT AWAY THOSE CARDS."

After the match the fan was brought up before the senior fan who said,
"I HOPE YOU HAVE A GOOD REASON FOR PLAYING CARDS AT THE MATCH
IF NOT I WILL PUNISH YOU LIKE NO OTHER FAN HAS BEEN PUNISHED."

The fan replied.

"SIR, I HAVE BEEN WATCHING EVERTON FOR 20 YEARS AND I HAVE NO BIBLE OR PRAYER BOOK, BUT MY DECK OF CARDS SERVES ME EQUALLY WELL.
WHEN I LOOK AT THE ACE I THINK OF THE ONE LEAGUE GOAL MICKEY WALSH HAS SCORED THIS SEASON. WHEN I LOOK AT THE DEUCE.... IT REMINDS ME OF THE TWO CHAMPIONSHIPS WON SINCE THE WAR COMPARED TO LIVERPOOL'S SIX.
WHEN I LOOK AT THE THREE.... IT REMINDS ME OF THE THREE ICH PITCHES WE'VE PLAYED (AND LOST) ON THIS SEASON. WHEN I ~~LOOK~~^{SEE} THE FOUR.... I THINK OF THE NUMBER OF ATTEMPTS WE HAD BEFORE GOING TO THE TOP OF THE LEAGUE.
THE FIVE REMINDS ME OF.... THE RECORD POSTWAR DERBY DEFEAT, 5-0 TO LIVERPOOL ON 25TH SEPTEMBER 1965. WHEN I LOOK AT THE SIX.... I THINK OF THE NUMBER OF HOURS IT TOOK TO CLEAR THE PITCH OF CUSHIONS AFTER THE ASTON VILLA GAME. THE SEVEN REMINDS ME OF THE SEVEN YEARS IT TOOK TO SCORE A VICTORY IN A DERBY GAME. THE EIGHT REMINDS ME OF THE LAST EIGHT OF A EUROPEAN COMPETITION WHICH WE'VE NEVER REACHED.
THE NINE IS THE NUMBER OF YEARS SINCE WE WON ANYTHING. THE TEN IS THE NUMBER OF YEARS BEFORE WE WILL WIN ANYTHING. THE KNAVE OR THE JACK IS JOHN MOORES... WHO FIRES PEOPLE IN TAXIS. WHEN I SEE THE QUEEN IT REMINDS ME OF BOBBY LATCHFORDS PERM. WHEN I LOOK AT THE KING.... I THINK OF ANDY, WHO SCORED A FLOOKY GOAL IN THE DERBY MATCH. THERE ARE FOUR SUITS, THE NUMBER OF CENTRE-HALVES WE PLAY EACH WEEK.... TODD, WRIGHT, HIGGINS AND KYO. THERE ARE THE THIRTEEN TRICKS.... AND JOHN MOORES KNOWS THEM ALL. THERE ARE 52 CARDS IN A PACK... THE NUMBER OF GAMES WE WILL PLAY 42 LEAGUE, 4 UEFA. CUP, 3 LEAGUE CUP, 1 FA. CUP, 1 FRIENDLY AGAINST LINFIELD AND AN ABANDONED MATCH AT BOLTON. FINALLY THERE IS THE JOKER.... GORDON LEE WHO SAID "WE ARE THE BEST TEAM IN THE LEAGUE." "So you see sir, my deck of cards is an Almanack, a History book, a set of pen pictures, and also something to do instead of watching the RUBBISH on the pitch."
AND FRIENDS THE STORY IS TRUE. I WAS THAT DECK OF CARDS.
